

## Nevada Republican Caucus

### Resolution to Remain Neutral on the Issue of Abortion

We believe the strength of our nation lies with the individual and that each person's dignity, freedom, ability and responsibility must be honored.

There are deeply held beliefs on both sides of the abortion issue. Developing a platform that truly represents the party can best be done by focusing on the core Republican values and remaining neutral on the issue of abortion.

We, therefore, oppose inclusion of the issue of abortion in the Republican platform.
